

HOW TO FIND THE RIGHT SIZE

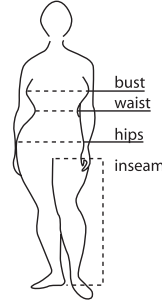

We recommend you take your body measurements to get the right fit.

BUST: Measure around the fullest part of your breasts while wearing your usual undergarments.

WAIST: Measure your natural waistline, at the smallest part.

HIPS: With your feet together, measure below your waistline at the fullest part.

INSEAM: Measure inside of leg from crotch to the bottom of the anklebone.

Please refer to your measurements for each item you are ordering. Our garments are cut generously, and we suggest you order within the range of your measurements rather than choosing a larger size. The Women's Sizes are added to our chart as a guideline to assist you in selecting the correct Making It Big® size. Don't hesitate to call Monday through Friday, 8:00am to 5:00pm PST at (877) 644-1995 or email to mib@makingitbig.com for help determining your correct size. We can answer questions about style or fit that can assist you in getting the perfect garment the first time. Please have your measurements available.
